

New Westminster Downtown Residents Association

Public meeting Oct 2 Crisis Response Project

7pm at Upper Hall, 514 Carnarvon St

Lights, Camera?

Or Action?

Join us for an update on the Crisis Response initiative by the City, with the support of the Downtown Residents Association, and Homelessness Coalition Society.

We prefer action to words. Unlike certain attention-seeking groups, we don't waste time complaining about the issues and holding press conferences. Together we are taking positive action to improve public safety, address the drug crisis, and help the less fortunate.

Attend to find out what is being done and how you can help!
